Executive Summary - Organization & Grant Request

Executive Summary - Organization & Grant Request*

Please include an Executive Summary of no more than 7,000 characters (approximately 1.5 pages). In preparing information for the Longwood Trustees, staff prepare an Executive Summary of each request. This field will serve as the foundation for that document. In this section you should address the following information:

- Organization
 - Organization name and founding year
 - Organization mission
 - Brief (2-3 sentence) organization overview
- Grant Proposal Project or Program
 - Problem statement (what challenge or issue are you working to address?)
 - How do you plan to address this problem (your project overview)? What will grow, strengthen, or improve as a result of this grant?
 - How much are you requesting and what is the total cost/budget of your project?
 - Have you already raised funds for the project? How much and from whom?
 - How will you financially sustain the project when the Longwood grant runs out?
 - How will you measure success (outcomes)?

Request Amount*

Please note the following concerning your request amount:

- Pre-Meetings are required for requests \$500,000 and above. Please use the link: <https://forms.gle/aKR3JfEw2b9MUYE98> to sign up if you have not already. Requests will be handled in the order in which they are received.
- Please note that the last day of Pre-Meetings for the Fall 2023 grant cycle is Friday, August 18th in order to allow prospective applicants sufficient time to incorporate any guidance provided in the meeting. The last day to sign up for a Pre-Meeting for Fall 2023 will be Wednesday, August 9th. However, organizations are encouraged to submit a request well in advance of this date as historically all time slots have filled in advance of this date.
- Requests for \$500,000 and above that did not have a Pre-Meeting prior to submitting an application will not be accepted.
- Trustees generally do not fund more than half of a project/operating budget to ensure that others in the community see value in it as well. When applying for operating support, this can be thought of as taking half of your planned operating growth in the next two years (compared to your current fiscal year).

Overview of the Cash Flow Projection

The cash flow projection (sometimes referred to as a cash flow forecast) is a forward-looking tool that helps us to understand and pressure test your ambition, project plan, and pace of growth against your existing scale and sources of income. This document asks you to predict the revenues and expenses over the length of the grant (typically two years). Note that this differs from the historical cash flow statement that would be included in your financial statements. A cash flow projection serves as a functional reality check for you and for us. We ask that you make some thoughtful and informed assumptions about what will materialize over the grant period, and explicitly articulate those assumptions in the document. These

assumptions are the explanation as to how you landed at the revenue and expense projections. We do not expect you to have a crystal ball. We recognize these will not play out exactly as articulated. However, we have found that organizations who have their arms around this tool and who lean into using it are best positioned to weather the uncertainty of nonprofit fundraising as well as set realistic and ambitious goals and operational plans for growth. Given that we are looking to understand how you will sustain this new level of operations and impact after our grant, your cash flow will illustrate how our grant serves as a bridge from your existing state of operations towards your planned future state.

Cash allows you to pay your employees and vendors, and we ask for the granularity of a monthly or quarterly look because it allows us to understand the cash inflow and outflow need that play out over the course of a grant. This document is the glue between your project plan, proposed outcomes/measures of success, and historical financials – and serves as a road map for you to measure your financial progress against your plan if a grant is made.

Two-Year Projected Cash Flow for the Project*

If requesting funding for a specific project or program (as opposed to general operating support), we ask that you please provide a two-year cash flow projection specific to this project/program. Please identify the assumptions you use and note either in the footnotes of the spreadsheet or in the field below. This cash flow should show a future monthly or quarterly two-year projection of the project/program financials. You may use your own format or reference the StrongNonprofits.org toolkit. Please note if using their template, it will need to be modified for two years.

When creating the cash flow, you should assume your request will be funded by Longwood and this line item should be explicitly called out in the cash flow projection. Remember to explain the assumptions used and note these. If a cash flow is not applicable to your specific project or program, please explain why in the field below.

Note -- a two-year cash flow projection for the organization will be addressed later in the application.

If this document was built in Excel, please provide the Excel version (as opposed to PDF).

If the request is for operating or program funding, how will you replace Longwood's funding at the end of the grant period to sustain the operations or program? Proposed Measures of Success (Outcomes)

Proposed Measures of Success (Outcomes) for the Project*

How will you measure the success of this project? Proposed outcomes should be translated into 2-4 bullet points (metrics) that describe (ideally, quantitatively) what will grow, strengthen, and/or improve because of this work. If possible, include your current performance (baseline) on the same metrics. Another way to think about these is to consider what your Board is holding the leaders of your organization accountable for in the next 18-24 months as a result of this grant.

We look to you to define what success looks like through our grant, and quantitatively how you'll know you've achieved it. We do not want you to create or propose outcomes for us that are not important for your nonprofit. These should speak to and resonate with how you think about success. For this reason, many nonprofits are strongly positioned to provide these when they can lift them directly out of their strategic plan.

Be thoughtful when you're drafting these. While we want to see and understand your ambition, we will ultimately be holding you accountable to them. One of our founder's values - and thus our values - is to be responsible and accountable. Through our grantmaking, your performance on these outcomes is one way we think about whether a grant is successful.

Note that should your organization receive a grant, the Longwood Foundation will likely ask that you not return with another request until the time frame for the outcomes of this grant has elapsed.

To that end, if you receive a grant and would like to return to Longwood with another request in two years, you may wish to choose an outcome timeline ending no later than June 30, 2025.

Please see the recently published **What to Know About Outcomes at The Longwood Foundation for further information.** <https://longwoodfoundation.org/wp-content/uploads/2023/03/Longwood-Foundation-Outcomes-Things-to-Know.pdf>

Financial Information

Instructions for Providing Financial Information

In addition to your most recently completed independent audit report, please provide interim current year Statements of Financial Position (Balance Sheet) and Statements of Activities (Profit & Loss Statement) that also contain the same prior year period numbers for comparison purposes.

We expect that organizations whose revenue last year was above \$5 million will have audited financials. We would prefer that smaller organizations do as well. If no independent audit is available, please explain why and provide the most recent year-end Statements of Financial Position (Balance Sheet) and Statements of Activities (Profit & Loss Statements) that also contain prior year-end numbers for comparison purposes. The same statements, with comparable prior year numbers, are required for the interim period since your most recent year-end.

During our meeting to discuss your application, we are likely to have questions about your financials. If the Executive Director is not familiar with the organization's financials, please ensure that your financial expert joins the meeting.

Latest Financial Audit*

If a financial audit is not available, please provide the end-of-fiscal-year P&L Statements for the previous two years.

Two-Year Projected Cash Flow for the Organization

Please provide a two-year projected (forward-looking) cash flow for the organization (presented either quarterly or monthly). If your prior year revenues were above \$20 million, you do not need to complete a two-year cash flow for the organization.
